

Hi, we're the Cat family. Here are some ideas to help you and your family save money.

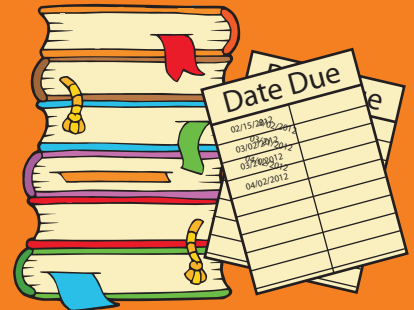

Turn off electrical things you're not using.

**REUSE WHAT YOU HAVE!**

Write on the back of papers or re-use containers for organizing things like art supplies.

Borrow books and movies from the library – it's FREE! Just remember to return them on time.

Help find and cut store coupons.

Put all the change you find in a piggy bank!

You can use your own money to buy something you really want.

Do you have more ideas? Share them with your friends and family!
