# About Global Handwashing Day

Global Handwashing Day is a global advocacy day dedicated to celebrating and advocating for handwashing with soap as an effective, affordable way to prevent diseases. It is an opportunity to design, test, and replicate creative ways to encourage people to wash their hands with soap at critical times.

Each year on October 15, communities, advocates, and leaders from around the world join forces to spread the word about the importance of handwashing with soap. Global Handwashing Day was founded in 2008 by the Global Handwashing Partnership.

# Clean Hands – A Recipe for Health

The 2018 Global Handwashing Day theme was Clean Hands – A recipe for health. This theme emphasized the links between handwashing and food, through nutrition and food hygiene.

Handwashing with soap can limit stunting in children, and improve and maintain nutrition. Handwashing with soap is also a critical part of food hygiene. This year, Global Handwashing Day celebrants encouraged everyone to make handwashing part of every meal.

# Global Handwashing Day Success Stories in 2018

## Who do you wash your hands for?

Essity's "Who do you wash your hands for?" global campaign encouraged people to think of handwashing as a way to protect others. The campaign's website detailed the importance of handwashing, and shared short videos and messages. The team also created a [video](#) to showcase how someone can spread germs to others throughout the day if they don't wash their hands. Read more [here](#).

## Manila Water Foundation

The Manila Water Foundation held a month-long Global Handwashing Day campaign, including handwashing road shows, lectures, and nutrition counselling across multiple communities around the Philippines. They hosted a virtual campaign through social media and Viber (messaging app), reaching a total of 13 million people in October.

## PIVJET's Clean Hands Tour

PIVJET planned a “Clean Hands” campaign tour, hosting handwashing trainings in 6 cities in Cameroon. They held trainings in schools, orphanages, and workplaces, and focused on proper handwashing techniques and crucial moments to wash. The team also distributed handwashing kits to 3 schools and 2 health centers. In total, PIVJET’s “Clean Hands” tour reached over 1,200 individuals.

## CDC #HandwashingHeroes Campaign

CDC’s #HandwashingHeroes campaign included handwashing demonstrations and hygiene kit distributions at Metro-Atlanta schools. The campaign also had several communication efforts using #handwashingheroes. CDC’s campaign reached over 2 million people, with their Facebook Live handwashing demonstration reaching over 33,500 views alone.

## HappyHandz Heroes Day

HappyHandz partnered with childcare clinics and preschools to get kids excited about hand hygiene across 30 centers in Australia. Approximately 900 kids dressed up as their favorite HappyHandz hero and learned about handwashing through songs, presentations, and interactive activities throughout the day. A handwashing video featuring all of the HappyHandz characters was played in each clinic. Watch the video [here](#).

## USAID's CKM Photo Essay

The USAID Water CKM project shared the “Clean Hands — A Recipe for Health” photo essay with handwashing stories from Afghanistan, Bangladesh, Cambodia, Guatemala, Indonesia, and Kenya to showcase the Agency’s work in creating healthy communities. Their campaign page has reached over 3,000 unique views and can be viewed [here](#).

## UNICEF and MOE celebrate GHD in Djibouti

UNICEF Djibouti and the Ministry of Education had a fun-packed day for approximately 4,000 students. The day included a handwashing skit performed by students and a quiz bowl style competition on hand hygiene knowledge. Additionally, they held a text messaging campaign, reaching nearly 250,000 people nationwide.
