Be Your Own AMAZING!

Find the path through the maze to help The Amazing Spider-Man stop the senseless waste of energy.

Search the city and uncover the energy-saving secrets!

Using less energy means less climate-changing carbon pollution.

Be a hero and find the energy-saving ENERGY STAR:

- laptop
- refrigerator
- washing machine
- lamp
- window
- light bulb

Help color in Spider-Man's greatest battle!

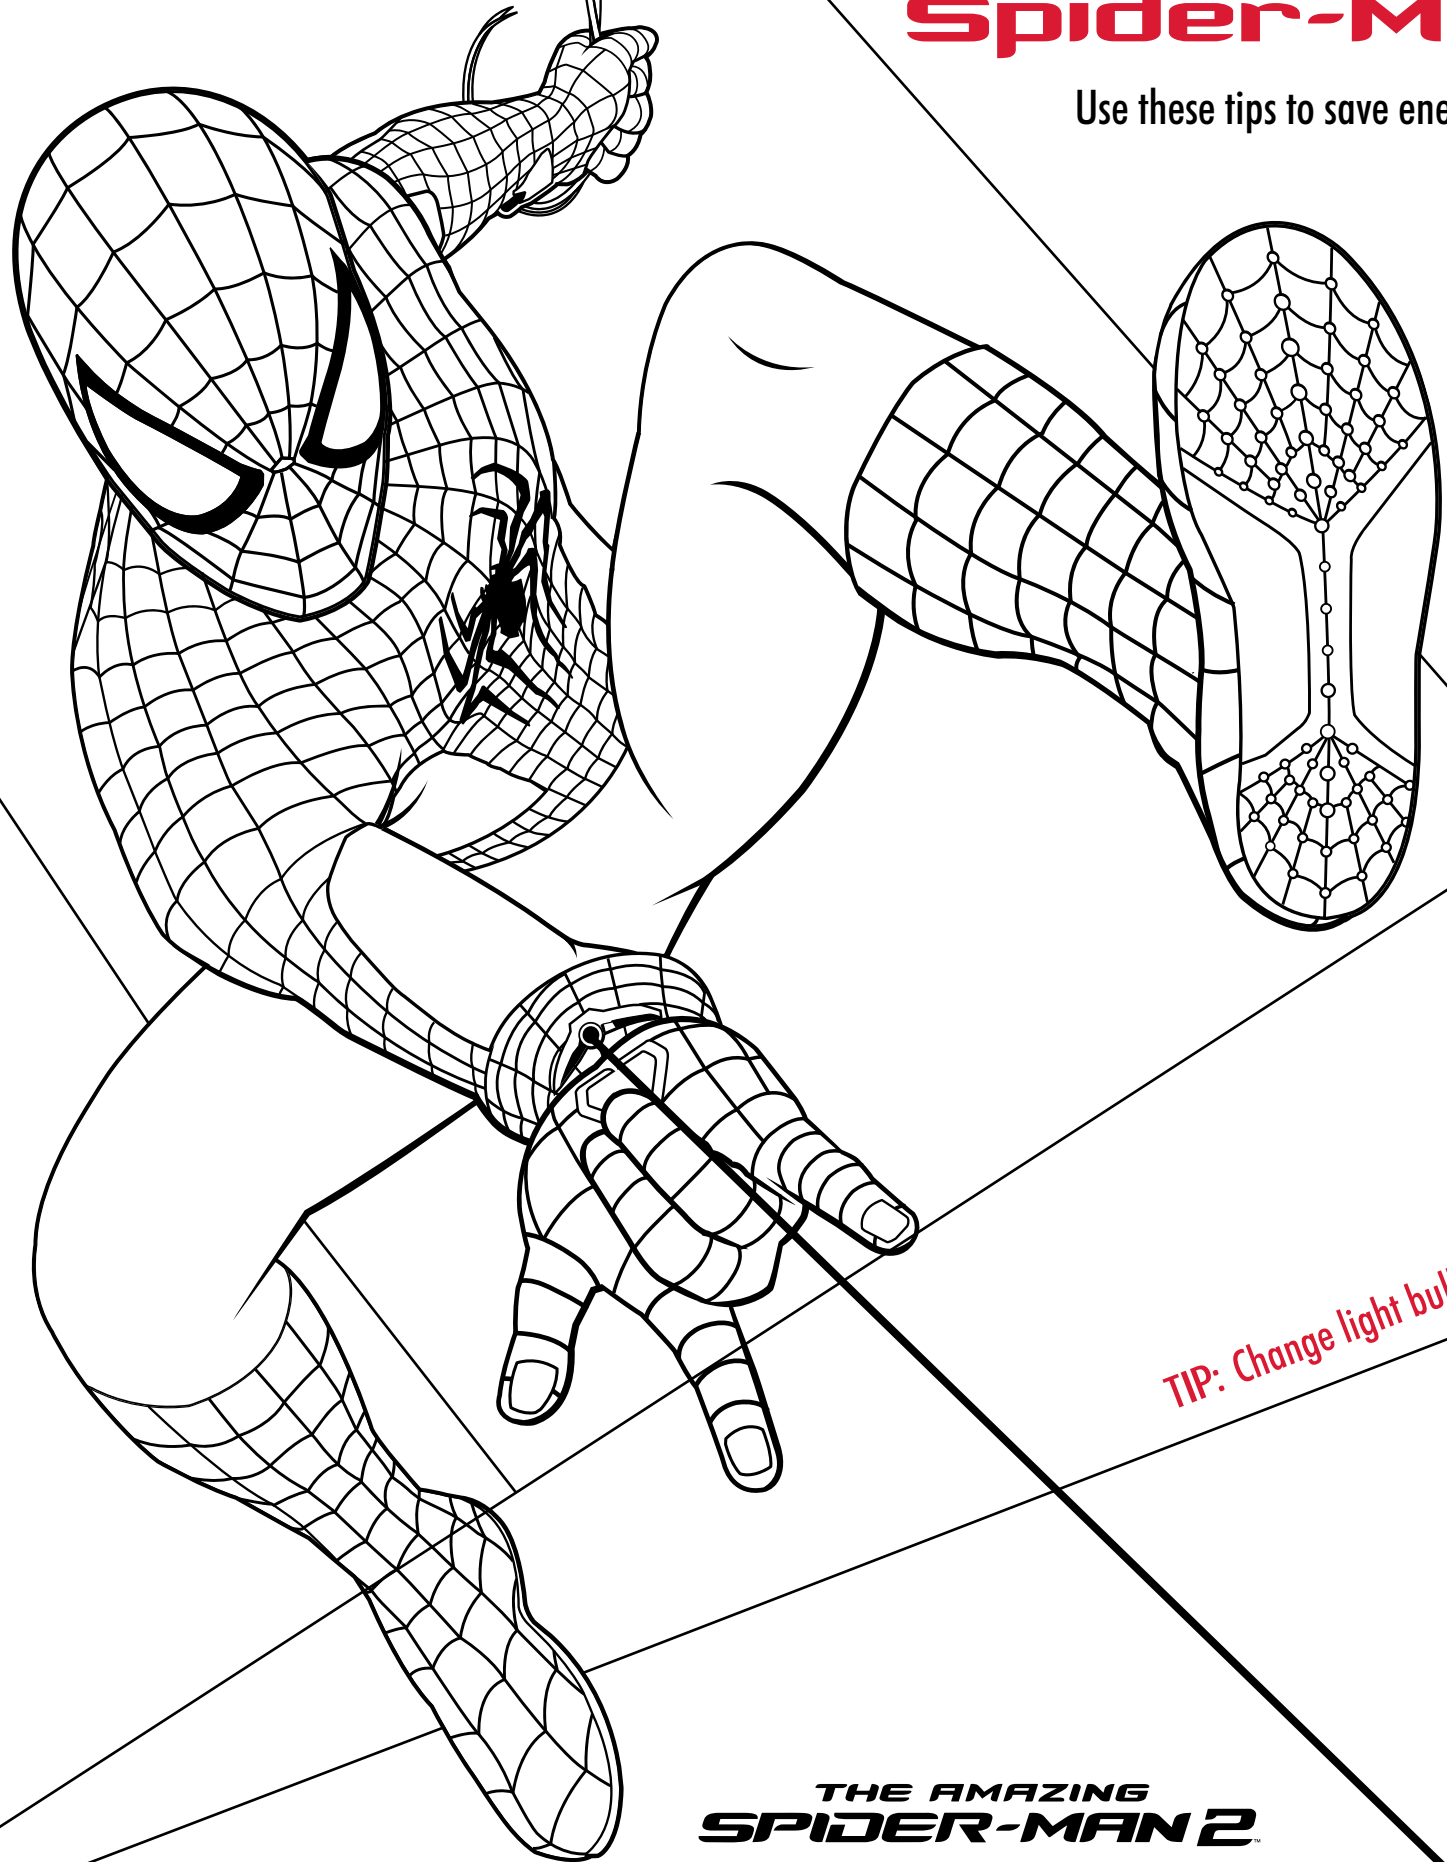

Use these tips to save energy at home. You'll help stop energy waste and fight climate change.

TIP: Turn off the TV, game console, and other electronics when not using them.

TIP: Always keep doors and windows closed when heat or air conditioning is on.

TIP: Change light bulbs to ENERGY STAR and don't forget to turn them off when you leave the room.

TIP: Set the thermostat to save energy while you're asleep or away.

**THE AMAZING
SPIDER-MAN 2**

It's time to get everyone to use less energy at home, at school, and in our communities. You'll be doing your part to protect the environment and help fight climate change. Join Team ENERGY STAR at energystar.gov/team today!
