

## The Marine Debris Song

### Lyrics:

*A hungry fish  
looked for some lunch,  
but what he found  
you shouldn't munch.*

*He saw some eggs  
(at least he thought),  
but when he bit,  
he felt distraught.*

*You see those eggs  
were plastic bits,  
so when he ate,  
then he felt sick.*

*How can we help  
our poor fish friend?  
We can help out--  
it's not the end!*

*We can pick up  
the trash we use.  
Reduce, reuse,  
recycle, too!*

*We'll do our part--  
that is the key!  
Together we'll  
stop marine debris!*
